Dear Trowbridge Farms:

I would like to thank the Trowbridge Family for their help in 2008. We purchased a bull from the Auction in 2008. When the bull was in the breeding season he had hurt himself. I called Phil to buy another bull, he was very generous. Phil brought us another bull. Upon delivery Phil told us "no charge", use the bull to finish the breeding season.

When the 2009 Auction comes about, Phil said he would apply the money that we purchased the 2008 bull with towards another new bull. As my sons and I were talking, my 10 year old son Alex said "we only bought one bull from him, he was nice enough to bring us another bull", that's why we will keep buying from their family. This meant a lot to me and my sons. Phil stood behind his livestock and takes pride in how he does business.

Thank you.

Sincerely,

Robert Piechocki Jr.
