Dear Phil,  
We have been buying your bulls since 2001. We would like to express how pleased we are with the quality that you raise. Since we have been using your bulls, our feeder cattle have been bringing top prices. Our freezer market customers are more than pleased with the top quality that we are supplying. This year again reinforces your quality as we received the highest price paid at your Finger Lakes-Trowbridge Feeder sale. Our replacement heifers bred from your quality bulls have proved to be good mothers time and time again.

Thank you for your continued dedication and guarantee on your bulls.

Proud Trowbridge Bull Owners,  
Tom and Paul Brahm
